Guaranteed benefit option has to be chosen at the inception of this policy. Once chosen, option cannot be changed during the policy term.

C.2 Bonus under this Policy

Your policy is eligible for bonuses during policy term. Under this policy, Company may declare Simple Reversionary Bonus (SRB) and/or Cash Bonus (CB) and/or Simple Reversionary Income Bonus which will be a percentage of the 'Basic Sum Assured' in the policy and once declared becomes guaranteed. These bonuses, if declared will be paid as per the bonus option chosen at the inception of the policy. The Company might also declare terminal bonus, if any, and the same will be payable in the event of death during the Policy Term or on policy maturity date whichever is earlier.

Bonus Options offered under this Policy are as follows:

Bonus Option 1 : Simple Reversionary Bonus (SRB) for Term

Simple Reversionary Bonus, if declared, shall do so at the end of each Policy Year throughout the Policy term and shall be vested to be paid out upon death or policy maturity date, whichever is earlier.

Bonus Option 2 : Simple Reversionary Income Bonus (SRIB)

Simple Reversionary Income Bonus, if declared, shall do so at the end of each policy year throughout the Policy Term and shall be vested to be paid out to you as follows:

- On survival, "N" years after simple reversionary income bonus is declared and vested to the policy, where "N" is a period equal to Premium Payment Term chosen by you at the inception of policy. For example, for a Premium Payment Term of 15 years, the SRB declared at the end of first Policy Year shall be paid at the end of 16th Policy Year, SRB declared at the end of 2nd Policy Year shall be paid at the end of 17th Policy Year and so on.
- On survival, Simple Reversionary Income Bonus declared during last "N" years shall be paid out as lump sum to you on Policy Maturity date.
- In case of death, vested Simple Reversionary Income Bonus (if declared) which is not paid out till the date of death will be paid to the nominee

Bonus Option 3: Cash Bonus

Cash bonus, if declared, shall do so annually from the end of the t^{th} year till the end of the policy term and will be payable at the end of the following policy anniversary or on death, whichever is earlier.

The t^{th} year will be based upon the premium payment term chosen by the policyholder at inception of policy as per the following table –

Premium Payment Term (years)	Timing of First Cash Bonus Pay out (End of Policy Year)
6 and 8	1
10, 12 and 15	2

Bonus Option 4: Simple Reversionary Bonus for Premium Payment Term and Cash Bonus thereafter

Under this Option, during the **Premium Payment Term** Simple Reversionary Bonus is declared annually and is payable at the end of the **Premium Payment Term** or on death, whichever is earlier. After the **Premium Payment Term**, Cash Bonus is declared annually throughout the remaining policy term and will be payable at the end of the following policy anniversary or death whichever is earlier.

Bonus Option 5: Simple Reversionary Income Bonus (SRIB) and Cash Bonus (CB)

In this case, it is a combination of Bonus Option 2 and Bonus Option 3, however the level of bonus declared under Bonus Option 5 could be different from that of Bonus Option 2 and Bonus Option 3.

Simple Reversionary Income Bonus, if declared, shall do so annually throughout the policy term and is payable after N years or on death, whichever is earlier, where N is premium payment term. Further, the bonuses declared in last N years of the policy term are payable on date of maturity or death whichever is earlier.

Cash Bonus, if declared, shall do so annually from the end of the t^{th} year till the end of the policy term and will be payable at the end of the following policy anniversary or on death, whichever is earlier.

The t^{th} year will be based upon the **Premium Payment Term** chosen by the policyholder at inception as per the following table:

Premium Payment Term (Years)	Timing of First Cash Bonus Pay-out (End of Policy Year)
6 and 8	1
10, 12 and 15	2

Bonus Option shall be chosen by you at the inception of this policy. Once opted, the Bonus Option cannot be changed during the Policy Term

Paid-Up Additions - A Flexibility under Bonus Option 3 – Cash Bonus & Bonus Option 4 –Simple Reversionary Bonus for Premium Payment Term and Cash Bonus thereafter

What are Paid-up Additions - If you have opted for bonus option 3 or 4, you will also have the option to receive Cash Bonus, if declared as cash payout or utilize it to purchase Paid-up Additions. Paid-up Additions are additional Benefits that you will purchase with declared Cash Bonus, if declared and encash them as per the need. Vested paid-up additions, if not encashed earlier, are payable at the end of Policy Year during which you will attain age of 75 years or on earlier death or Surrender of the Policy.

Paid-up Additions are participating in nature, which means Cash Bonus may be declared on vested Paid-up Additions and this Cash Bonus, if declared, will be further utilized to purchase Paid-up Additions.

Various Benefits under Paid-up Additions shall be as follows:

- Death Benefit is equal to Paid-up Additions on death which is defined as 1.25 times of the Cash Bonus. If declared, utilized to purchase Paid-up Additions
- Paid-up Additions Survival Benefit – It is equal to vested Paid-up Additions plus Terminal Bonus on Paid-up Additions, if declared, less paid-up additions which already been encashed and is payable on survival at the end of Policy Year during which you attain the age of 75 years. Cash Bonus declared, if any, at the end of Policy Year during which age 75 is attained will be paid to you at the end of such Policy Year. Cash Bonus declared, if any, at subsequent Policy anniversaries, if applicable, shall be payable to you at respective Policy anniversary.

Paid-up Additions are calculated as (Paid-up Addition factor X Cash Bonus utilized to purchase Paid-up Additions)

How Paid-up Addition can be chosen: You can choose Paid-up Additions at the inception of policy or at any subsequent policy anniversary by submitting a written request to the Company 60 days prior to such Policy anniversary. Paid-up Additions cannot be chosen once you attain the age of 75 years.

You also have an option to switch from Paid-up Additions to cash payout. This switching is allowed only on policy anniversary subject to receipt of your written request 60 days prior to such Policy Anniversary. Paid-up Additions can be chosen only once during the policy term. Once you have opted out of paid-up additions, you will have to continue with cash payout option for the remaining policy term.

Encashment of Paid-up Additions: You will be allowed to encash vested Paid-up Additions partially or fully during the Policy Term and receive the cash value of vested Paid-up Additions subject to the following:

- Encashment will be available from 2nd Policy Year onwards subject to availability of vested Paid-up Additions
- The minimum amount that can be encashed is Rs.10,000
- You will have to submit a written request to the Company for encashment of vested Paid-up Additions, if any and which are not encashed earlier.

The vested Paid-up Additions will reduce to the extent of Paid-up Additions encashed. The remaining Paid-up Additions, if any, after such encashment will continue to participate in future profits. Paid-up Additions on death, if any will also reduce in proportion to the vested Paid-up Additions being encashed.

Cash value of vested Paid-Up Additions is calculated as Cash value Factor X vested Paid up Additions

D. Tax Benefits

Policyholder buying this policy may be eligible for tax benefits under following Sections of the Income Tax Act, 1961, subject to provisions contained therein.

- U/S 80C of the Income Tax Act 1961 on your premiums paid#
- U/S 10(10D) of the Income Tax Act 1961 on the survival and maturity proceeds of your policy#

If the Sum Assured on death is less than 10 times the contractual base annualized premium, certain income tax benefits are not applicable and in particular, presently the maturity proceeds are taxable if the Sum Assured on Death is less than 10 times, under Sec 10(10D)

#The aforesaid tax benefits are subject to change in tax laws and to the terms set out in the said Sections. We therefore urge you to carefully analyze in consultation with your tax advisor the tax benefits/tax implications, if any that may arise on saving in this policy.

E. Loan Benefit

You have the flexibility to take a loan against your Policy in case of financial emergencies. Loan provisions under this policy are mentioned in the Terms and Conditions.

How Exide Life Sampoorna Jeevan works

Let's understand with the help of sample illustrations which are intended to show premium payable and benefits under each option, at two assumed rates of interest i.e., 8% and 4% p.a.

Please note: Some benefits in these sample illustrations shown below are guaranteed and some benefits are variable with return based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked "guaranteed" in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns, of 8% p.a. and 4% p.a.

These assumed rates of return are not guaranteed and they are not the upper or lower limit of what you might get back, as the value of your policy is dependent on a number of factors including future investment performance.

Let's understand how Guaranteed Benefit Option A - Lump sum Option works

35 year old Rajesh buys Exide Life Sampoorna Jeevan with Sampoorna Jeevan 75 maturity age variant. He opts for Guaranteed Benefit Option A (Lump sum Option) with Bonus Option 3 which is Cash Bonus Option. He pays Rs. 1,00,000 (exclusive of GST) annually for 10 years.

In case of an unfortunate demise after the commencement of risk during the policy term, this policy provides life insurance cover of ₹5,00,000 plus applicable bonuses.

Terms and Conditions

- A. Grace Period:** Grace Period means the time granted by the insurer from the due date for the payment of premium, without any penalty or late fee, during which time the policy is considered to be in force with the risk cover without any interruption, as per the terms & conditions of the policy. The grace period for payment of the premium for all types of non-linked insurance policies shall be: fifteen days, where the policyholder pays the premium on a monthly basis; and 30 days in all other cases.
- B. Lapsation:** If at least 2 full years' premiums have not been paid, the policy will lapse on the date of expiry of grace period. Once the policy lapses, all benefits under the policy will cease until the policy is revived for full benefits.
- C. Reduced Paid up:** If at least 2 full years' premiums have been paid and further premiums are unpaid and the policy is not surrendered, the policy will acquire the status of reduced paid up on the date of expiry of grace period till the policy is revived for full benefits. The benefits payable under the policy will reduce on policy acquiring reduced paid up status, as per the formula mentioned below:

C.1 Reduced Paid Up – Guaranteed Benefits

Reduced Paid up Sum Assured On Death

The lump sum benefit will be payable immediately on death during the Policy Term as defined below -

$$\text{Reduced Paid-up Sum Assured on Death} = \frac{\text{Number of premium paid}}{\text{Total Number of premiums payable}} \times \text{Sum Assured on Death}$$

Reduced paid up Survival Benefit/Maturity Benefit

All survival benefits or maturity benefit to be paid out in future, both guaranteed and non-guaranteed, will be determined using the reduced paid-up Basic Sum Assured.

Reduced paid up Basic Sum Assured will be calculated as follows -

$$\text{Reduced Paid-up Sum Assured (RPUBSA)} = \frac{\text{Number of premium paid}}{\text{Total Number of premiums payable}} \times \text{Basic Sum Assured on Death}$$

Reduced Paid up Guaranteed Benefit

Reduced Paid-Up Benefit / Guaranteed Benefit Option	Lump Sum Option	Income Option	Lump sum with Income Option	Income with Lump sum Option
Maturity Benefit	RPUBSA	Not Applicable	Not Applicable	Reduced Paid up Basic Sum Assured
Survival Benefit	Not Applicable	RPUBSA X Guaranteed Income Benefit (%)	RPUBSA (Payable at the end of Policy Year in which Life Assured attains age 60) + RPUBSA X Guaranteed Income Benefit (%) every year thereafter till Policy Maturity Date	RPUBSA X Guaranteed Income Benefit (%)

C.2 Reduced Paid up – Non Guaranteed Benefit

If at least 2/3rd of total Premiums payable during the Policy Term have been paid and no further Premiums are paid, then in addition to the full bonus vested, if any and unpaid before the Policy acquiring reduced paid-up status, the Policy will also be eligible for all future bonuses, if declared, after Policy acquiring reduced paid-up status. However, this eligibility for future bonuses, if declared, will be reduced by the reduced paid-up factors. The reduced paid-up non-guaranteed benefits applicable will be as follows –

Reduced paid-up Simple Reversionary Bonus/Simple Reversionary Income Bonus

If the Policyholder opts for Simple Reversionary Bonus/Simple Reversionary Income Bonus Option, then any such bonus, if declared, but unpaid prior to the date of policy acquiring reduced paid up status will be payable in full along with the reduced paid up death benefit/reduced paid up maturity benefit.

In addition, post the policy acquiring the reduced paid up status, all the future bonuses, if declared will be vested on pro-rata basis using the following formula, subject to fulfillment of condition mentioned in C.2.

Reduced Paid up Simple Reversionary Bonus/Simple Reversionary Income Bonus = $RPUBSA \times \text{Future Simple Reversionary Bonus (\%)/Simple Reversionary Income Bonus (\%), if declared} \times \text{Reduced Paid Up Factor}^*$

Reduced paid-up Cash Bonus

If the Policyholder opts for Cash Bonus Option, then any Cash Bonus, if declared, but not paid out for the Policy Year will be also be payable along with the reduced paid up death benefit.

On survival of Life Assured, and post the policy acquiring the reduced paid up status, all the future Cash Bonuses, if declared, and paid every Policy Year on pro-rata basis using the following formula subject to the fulfillment of condition mentioned in C.2.

Reduced Paid up Cash Bonus = $RPUBSA \times \text{Future declared Cash Bonus (\%), if any} \times \text{Reduced Paid up Factor}^*$

* Applicable Reduced Paid up Factors based upon duration and Premium Payment Term are stated in the table given below.

Duration in completed Policy Years for which Premium is paid \ Premium Payment Term	6	8	10	12	15
4	50%	NA	NA	NA	NA
5	75%	40%	NA	NA	NA
6	100%	60%	30%	NA	NA
7		80%	50%	NA	NA
8		100%	75%	30%	NA
9			90%	50%	NA
10			100%	75%	25%
11				90%	50%
12				100%	60%
13					75%
14					90%
15					100%

In case the Bonus Option 4 or Bonus Option 5 have been chosen, then the applicable reduced paid-up non-guaranteed benefit will be sum of reduced paid-up Simple Reversionary Bonus/Simple Reversionary Income Bonus and reduced paid-up Cash Bonus as stated above.

In case you have chosen Paid-up Additions under Bonus option 3 or Bonus option 4, then reduced paid-up Cash Bonus will be utilized to purchase Paid-up Additions. The benefits under such Paid-up Additions, which is Paid-up Addition Survival Benefit and Paid-up Additions on death, will be paid at the end of policy year during which Life Assured survives and attains age 75 or on earlier death, respectively.

Terminal Bonus, if declared, shall be payable in the same proportion as described above for Simple Reversionary Bonus/Simple Reversionary Income Bonus, if declared and Cash Bonus, if declared as a part of reduced paid-up maturity benefit

D. Revival: Policy can be revived during the policy term but within a period of five years from the date of first unpaid premium by submitting the proof of continued insurability to the satisfaction of the board approved underwriting policy and making the payment of all due premiums together with payment of late fees calculated at such interest rate as may be prevailing at the time of the payment. If needed the company may refer it to its medical examiner in deciding on revival of lapsed policy.

The revival interest rate is set as per the formula below and is subject to IRDAI's approval:

Bank rate fixed by RBI as on 1st April of respective year + 2.5% rounded up to a multiple of 50 basis points. The revival interest rate for financial year 2019-20 is 9%.

Any change to the basis of determination of interest rate for revival is subject to prior approval of IRDAI

E. Surrender: In order to honour unexpected commitments or needs, a Surrender option is available. This policy can be surrendered if at least two full year's premiums are paid by the Policyholder. Policy cannot be surrendered after the death of the Life Assured. The surrender benefits are payable immediately on surrender and upon payment of the surrender value, the Policy will stand terminated with no further benefits payable under the policy and the Company shall be relieved and discharged from all obligations under this policy thereafter.

The surrender benefit is higher of the Guaranteed Surrender Value (GSV) or the Special Surrender Value (SSV), plus cash value of vested paid-up additions, if any. GSV and SSV are as follows:

Guaranteed Surrender Value (GSV): GSV depends on the year of Surrender. GSV (subject to minimum of zero) is the sum of the following:

1. GSV Factor 1 multiplied by the total premiums paid excluding the premium for extra mortality rating, if any.
2. GSV Factor 2 multiplied by vested Simple Reversionary Bonus / vested Simple Reversionary Income Bonus, if declared, till the date of surrender, less
3. Sum of Guaranteed Income Benefit already paid till date of surrender, if any, less
4. Any Simple Reversionary Bonus/Simple Reversionary Income Bonus/Cash Bonus already paid till the date of Surrender

The GSV Factors increase with the policy duration and are provided in the table given in Annexure I

Special Surrender Value (SSV): A policy will acquire a special surrender value, if at least two full years' Premiums have been paid. SSV will be declared by Company from time to time subject to prior approval of IRDAI and is not guaranteed.

All benefits under the policy shall automatically terminate upon payment of Surrender Value.

F. Policy Loan: At any time if at least two full years' premiums have been paid and if any surrender value is available under the policy, policyholder may obtain a loan on the sole security of the policy and on its proper assignment to the Company. The maximum loan amount advanced at any one time or more than one time shall not exceed 80% of the available surrender value at that point of time subject to minimum amount of Rs. 1,000. The maximum loan amount under this policy will be determined on the basis of a maximum limit of 80% of available surrender value dependent upon the time, at which the loan is being availed and the outstanding policy term.

The loan interest rate is determined by the Company from time to time. The loan interest rate is set as per the formula below on 1st April every year and is available on written request:

Bank rate fixed by RBI as on 1st April of respective year + 3%, rounded up to a multiple of 50 basis points. The policy loan interest rate for financial year 2019-20 is 9.5%.

Any change to the basis of determination of interest rate will be done after IRDAI's approval.

Any fresh loan within the permissible limit will be the difference between maximum permissible loan amount and any outstanding loan with accumulated interest, if any. All outstanding loans and interest thereon shall be deducted from any benefits payable under the Policy. In case of other than in-force and fully paid-up policies, if at any point of time, the loan along with outstanding accrued interest exceeds the surrender value payable under the Policy, the Policy will be foreclosed after giving intimation and reasonable opportunity to the Policyholder to continue the Policy.

G. For Minor lives

Death Benefit for Minor Life Assured: If Age of the Life Assured is greater than or equal to 12 years, the risk will commence immediately from the Policy Commencement Date. If the Age of Life Assured is less than 12 years, the risk will commence under the Policy (that is full death benefit will become payable on death of Life Assured) on the last day of second Policy Year. If the Age of Life Assured is less than 12 years and if the Life Assured dies before the last day of the second Policy Year, the Death Benefit shall be restricted to refund of total Premiums paid without interest.

If the Policy is issued on the life of a minor, the Policy will vest on him/her automatically on his/her attainment of Age of majority and on such vesting; the Company will recognize him/her to be the holder of the Policy.

H. Free Look Period: In case you disagree with any of the terms and conditions of the policy, you have a period of 15 days (30 days if the Policy is sourced through Distance Marketing# as provided in Distance Marketing Guidelines IRDA/ADMN/GDL/MISC/059/04/2011 dated 05/04/2011) from the date of receipt of the Policy Document to review the terms and conditions of this Policy and if you disagree with any of the terms and conditions, you shall have the option to return the Policy to the Company for cancellation, stating the reasons for your objections. Upon such Free-Look cancellation, the Company shall return the Premium paid subject to deduction of a proportionate risk Premium for the period of insurance cover in addition to the expenses incurred on medical examination (if any) and the stamp duty charges. All Benefits and rights under this Policy shall immediately stand terminated on the cancellation of the Policy.

#Distance Marketing includes solicitation through all modes other than in person.

I. Suicide Exclusion: In case of death of the life assured due to suicide within 12 months from the date of commencement of risk under the policy or from the date of revival of the policy, as applicable, the nominee or beneficiary of the policyholder shall be entitled to at least 80% of the total premium paid till the date of death or surrender value available as on the date of death whichever is higher, provided the policy is in force.

Mode of Premium	Multiplicative Factor
Monthly	1
Half Yearly	5.86
Annual	11.50

J. Modal Factors: You may choose to pay your premiums Annually, Half-Yearly or Monthly. Following factors are applied to monthly premium for the premium paying modes available

In case the premium payment mode change is sought from annual to monthly mode, the annual premium shall be divided by Annual modal factor, that is 11.50, to calculate the monthly premium payable from effective policy anniversary date.

In case the premium payment mode change is sought from monthly to annual mode, the monthly premium shall be multiplied by Annual modal factor, that is 11.50, to calculate the Annual premium payable from effective policy anniversary date.

In case the premium payment mode change is sought from annual to half-yearly mode, the annual premium shall be divided by Annual modal factor, that is 11.50, and then multiplied by Half-Yearly modal factor, that is 5.86, to calculate the half-yearly premium payable from effective policy anniversary date.

In case the premium payment mode change is sought from half-yearly to annual mode, the half-yearly premium shall be divided by Half-Yearly modal factor, that is 5.86, and then multiplied by Annual Modal factor, that is 11.50, to calculate the annual premium payable from effective policy anniversary date.

For Monthly mode: 3 Monthly premiums are collected in advance on the date of commencement of the policy.

K. Alterations: No alterations are allowed to the benefits payable under this Policy.

L. Assignment Provisions: Assignment should be in accordance with provisions of Section 38 of the Insurance Act 1938 as amended from time to time.

M. Nomination Provisions: Nomination should be in accordance with provisions of Section 39 of the Insurance Act 1938 as amended from time to time.
